

**NOTICE OF INTENT TO APPLY FOR GRANT FUNDS  
JASPER COUNTY, TEXAS**

Jasper County is submitting the following application to the Texas General Land Office for funding under the CDBG-MIT Regional Mitigation Program.

**SCOPE OF WORK**

The proposed projects included in this application are as follows:

**Water Improvements - \$5,745,605.32**

- Kirbyville Water  
Construct a new 150,000 gallon elevated storage tank with yard piping, fencing, electrical, generator and all weather access road. Demolish and mitigate existing elevated storage tank.
- Evadale Water  
Construct a new 100,000 gallon elevated storage tank and a 300 GPM ground water well, along with chlorine feed equipment, flow meter, electrical, yard piping, fencing and all weather access road. Plug and abandon existing well once new well is complete.

**Street improvements - \$4,194,894.68**

- CR 328/317  
County road improvements along approximately 12,420 LF of roadway along CR 328 and CR 317. These improvements include scarifying, reshaping and recompacting the existing roadway and installing crushed limestone base, asphaltic prime coat and hot mix asphaltic concrete surface for all street surfaces, roadway and driveway turnouts, along with all necessary SWPPP and dress up.
- CR 323  
County road improvements along approximately 15,520 LF of roadway along CR 323. These improvements include scarifying, reshaping and recompacting the existing roadway and installing crushed limestone base, asphaltic prime coat and hot mix asphaltic concrete surface for all street surfaces, roadway and driveway turnouts, along with all necessary SWPPP and dress up.

**Public Facilities - \$3,313,500.00**

- Homer Area Community Resource Center  
Construct a 5,100 SF community resource building including concrete paving and striping, utilities and walk in refrigeration.
- Dixie Community Resource Center  
Construct a 5,100 SF community resource building including concrete paving and striping, and utilities.

**BUDGET**

Construction	\$10,908,201.09
Acquisition	\$85,000.00
Engineering	\$1,465,558.91
Administration	\$745,240.00
<b>TOTAL PROJECT COST</b>	<b>\$ 13,254,000.00</b>

See attached project cost estimates for detailed breakdown.

**FUNDING SOURCES**

GLO CDBG-MIT Regional Mitigation Allocation HUD MID – DETCOG	\$ 13,254,000.00
No local funding match required	

**MAPS**

See attached project maps for specific locations.

**BENEFICIARIES**

Beneficiary data for each project is as follows:

**Kirbyville Water - citywide**

Total population	2,330
Low to Moderate Income persons (LMI)	1,505
Low to Moderate Income %	64.59%

**Evadale Water - survey**

Total population	492
Low to Moderate Income persons (LMI)	268
Low to Moderate Income %	54.47%

**County Road 328/317 - survey**

Total population	58
Low to Moderate Income persons (LMI)	31
Low to Moderate Income %	53.45%

**County Road 323 - survey**

Total population	40
Low to Moderate Income persons (LMI)	26
Low to Moderate Income %	65.00%

**Homer Area Community Resource Center – census block group**

Total population	1,797
Low to Moderate Income persons (LMI)	799
Low to Moderate Income %	44.46%

**Dixie Community Resource Center - survey**

Total population	213
Low to Moderate Income persons (LMI)	147
Low to Moderate Income %	69.01%

**PUBLIC COMMENTS**

The County will receive public comments related to this application through November 8, 2022. The application information is available for review by contacting the Jasper County Judge’s office. Comments in writing can be delivered to Jasper County Courthouse, Office of the County Judge, located at 121 N. Austin Street, Room 106 in Jasper, Texas. For further information or to provide verbal comments, please contact County Judge Mark Allen at 409-384-2612.

1. Identify and explain the annual projected operation and maintenance costs associated with the proposed activities.  
Operations and maintenance is covered in the City of Kirbyville annual maintenance budget.
2. Identify and explain any special engineering activities.  
The City is proposing to mitigate existing water distribution system by installing an elevated storage tank.
