DECLARATION OF DISASTER

WHEREAS, the County of Jasper, Texas, on the 16th day of June, 2026, was in imminent threat of being in the path of a weather event currently designated as **Potential Tropical Cyclone One**, as described in reports issued by the United States National Weather Service and the Texas Department of Emergency Management State Operations Center, potentially causing widespread injury or loss of life, as well as severe property damage resulting from conditions created by torrential rainfall, major flooding with high speed winds and possible tornadic activity over an excessive period of time in residential, agricultural and commercial areas.

This includes possible major infrastructure damage preventing access to, or the safe passage on, many roadways, as well as the potential for long term countywide electrical power and utility outages. Such conditions have created an imminent public safety hazard.

WHEREAS, the County Judge of Jasper County, Texas, has determined, based upon trajectory reports and potential rainfall projections issued by the National Weather Service, the Texas Department of Emergency Management State Operations Center and local professional meteorologists, that extraordinary measures must be taken to protect life, as well as to protect or rehabilitate property, and are necessary and hereby ordered.

NOW, THEREFORE, BE IT PROCLAIMED BY THE COUNTY JUDGE OF JASPER COUNTY, TEXAS:

- I. That a local state of disaster is hereby declared for Jasper County, Texas, pursuant to Section 418.108(a) of the Texas Government Code.
