DECLARATION OF DISASTER

WHEREAS, the County of Jasper, Texas, on the 13th day of September, 2021, was in imminent threat of being in the path of a weather event currently designated as Tropical Storm Nicholas, as described in reports issued by the United States National Weather Service and the Texas Department of Emergency Management State Operations Center, potentially causing widespread injury or loss of life and severe property damage resulting from conditions created by torrential rainfall, major flooding with high speed winds and tornadic activity over an excessive period of time in residential, agricultural and commercial areas, as well as major infrastructure damage preventing access to, or the safe passage on, many roadways, as well as the potential for long term countywide electrical power and utility outages.
